URGES RATIFICATION.

President Roosevelt's Message to the Senate on Pending Treaties.

PANAMA CANAL, CUBAN RECIPROCITY.

Reed Smoot, of Utah, Takes the Oath and Is Seated Without Objection—Crum Renominated. Washington Matters.

Washington, March 5.—The United States senate met at noon in special session called by the president. It was an interesting event, as such sessions do not usually occur except when a president of the United States is inducted into office. At the beginning of the new congress—and this is the first session of the senate of the Fifty-eighth congress—the oath was administered to 30 senators, who take office for six years. Of these 17 were re-elected.

The senate being a continuous body, officers hold over till their successors are chosen, so promptly at noon the body was called to order by President Pro Tem Frye. The scene was a brilliant one and not unlike the opening of every session of congress. The galleries were filled at an early hour, and in the family and reserve galleries were friends and relatives of the new senators.

During the swearing in of the new senators the proceedings were frequently interrupted by applause in the galleries. Mr. Gorman received an ovation when his name was called. President Pro Tem Frye announced that the chair "was especially lenient to the galleries." No objection was made when Mr. Smoot's name was called. He received some applause from the galleries. Four newly elected senators—Ankeny, Clarke (Ark.), Gallinger and Stone—were not sworn in. The president's message was delivered to the senate by Mr. Barnes. It was not read, Mr. Hoar announcing that he intended to move an executive session.

Cannon Criticized.

Mr. Tillman announced that he wanted to speak and he made some remarks about Mr. Cannon's speech in the house. He read nearly all the speech. After reading Mr. Cannon's speech he denounced it as "indefensible, indecent and an outrage." The dignity of the senate and his own individual honesty were involved.

Mr. Hale followed Mr. Tillman. He said the speech of Mr. Cannon would be forgotten. He would pass to higher honors and would have a hundred things of which he would be proud, and he would regret the speech made upon the deficiency bill. Mr. Hale referred to the matter as an intemperate address, and intemperate remarks were always regretted. Mr. Allison endorsed all Mr. Hale said, and then reviewed the history of the deficiency bill. Mr. Allison declared that utterances declaring that one house shall change its rules or be compelled to do so were not in accord with the committee that should govern the proceedings of the two houses.

The senate then went into secret session.

President's Message.

President Roosevelt sent the following message to the senate:

"To the Senate—I have called the senate in extraordinary session to consider the treaties concerning which it proved impossible to take action during the session of congress just ended. I ask your special attention to the treaty with the republic of Colombia, securing to the United States the right to build an isthmian canal, and to the treaty with the republic of Cuba for securing a measure of commercial reciprocity between the two countries. The great and far-reaching importance of these two treaties to the welfare of the United States and the urgent need for their adoption require me to impose on you the inconvenience of meeting at this time.

"THEODORE ROOSEVELT."

Crum Renominated.

Washington, March 5.—The president sent to the senate the nomination of W. D. Crum, colored, to be collector of the port of Charleston, S. C. This will be the second nomination of Crum, the senate at the session just closed having failed to confirm him.

Hawaiian Money to Be Recoined.

San Francisco, March 5.—Two hundred thousand dollars, consisting of quarters, half dollars and dollars, in Hawaiian coin, was brought from Honolulu by the steamer City of Peking. This is said to be the largest amount of island money yet received in any one shipment for recoinage into United States money. The money is to be returned to Hawaii.

KNAPP FEELS BLUE.

Identification of the Body Has a Depressing Effect on the Man.

Hamilton, O., March 5.—The positive identification of the body of Hannah Goddard, wife No. 3, and the visit of Annie Gamble of Indianapolis, wife No. 4, have had a depressing influence on Alfred A. Knapp, who seems to be pondering over not only the five murders to which he has confessed, but over other crimes.

The funeral of Hannah Goddard took place from Wagner's morgue at 4 p. m. The expenses were borne by Charles Goddard of Hamilton, uncle of the victim, and William Sterrett of Hamilton, a brother-in-law of the dead woman. The request of Mary Knapp King and her husband for the remains to be buried at Cincinnati was refused. Neither Knapp nor the public was allowed to see the remains. Knapp does not know that the remains were brought to Hamilton. Mrs. Sadie Wenzel, sister of Knapp, has retained four attorneys in Cincinnati, and they will soon agree with Prosecutor Gard on the date for the preliminary hearing.

Knapp has again startled the police officials here by declaring that the woman he murdered, Hannah Goddard, whose body was found in the Ohio river, had killed her own child, a baby, at Cincinnati, in 1894.

Britain's Food Supply.

London, March 5.—Replying to a large and influential deputation which visited the foreign office to urge the appointment of a royal commission to inquire into the question of the security of the food supply of Great Britain in time of war, Premier Balfour expressed the opinion that the danger from the bill that had to be met was not the exclusion of grain and the raw materials necessary for the country's national existence, but the cost of introducing them. The country could get all it wanted if it was prepared to pay the price, and the question of price was unanimously a question of insurance. Sufficient stress was not laid upon the part neutrals would play in the event of a war. There would be more than sufficient neutrals shipping to supply Great Britain with grain, but not with raw materials. As to the danger of a "wheat corner," the premier was unable to estimate the magnitude of the danger, but the country was exposed to this in time of peace as much as in war time.

Woman of Aristocratic Lineage.

Denver, March 5.—Mrs. Georgia Stanley, who was found in an unconscious condition in the same room in which lay the body of Major Marshall F. Hurd, proves to be a woman of aristocratic lineage. She is a granddaughter of Kercastle of Inverness, Scotland. Her mother was Lady Allen and her father governor of an English province in India. Lady Allen, by a second marriage, became the mother of Sir James Grant of Toronto, one of the most eminent physicians in the Dominion of Canada, who was knighted by the late Queen Victoria. Mrs. Stanley, it is said, was thrice married. She is at present in reduced circumstances. Hurd's death was due to breathing the fumes of coal gas. The suicide theory is discredited.

French Woman a Parsee.

London, March 5.—The first recorded conversion from Christianity to Zoroastrianism took place in Bombay on Feb. 8. Mrs. Tatta, a French lady, on that date was formally invested with the sacred thread and the "Sudra" of the Parsees. Mrs. Tatta afterward went through the Parsee marriage ceremony. Her husband is a nephew of a well known merchant prince and philanthropist of Bombay.

PUT UNDER PRESSURE.

Everything Squeezed Out Except the Bare Facts.

Cincinnati Republicans renominated Julius Fleischman for mayor. Ling more than a dozen persons. East-bound train was endeavoring to make a siding.

George F. Ketcham, owner of the champion trotter Cresceus, declined the Republican nomination for mayor of Toledo.

Frank Newell and Loren Rice, carpenters, were crushed to death between two ammonia tanks at the Solar refinery, Lima, O.

Mrs. Tillie Hampton shot and killed her husband, Michael Hampton, at Powhattan, W. Va., because he refused to adopt her religion.

Westbound Southern Pacific passenger train was derailed at Allentown, one coach going over. Two passengers were killed and seven others were hurt, none seriously.

At Powhattan, W. Va., James Mack was shot and instantly killed by James Hickman. Hickman had eloped with Mack's wife. Mack followed the couple from North Carolina.

A westbound Rock Island train ran diagonally with an eastbound train of the same road in the Union Pacific yards at Kansas City, demolishing one coach, derailing three cars and injuring

WABASH INJUNCTION.

Attorneys For the Employees Devising Means to Have It Dissolved.

GENERAL STRIKE HELD NOT UNLIKELY

Alleged Secret Compact Between the Men and the Leaders—Military Still at Colorado Springs—Labor Troubles.

St. Louis, March 5.—The Wabash strike situation is resolving itself into a legal battle for the dissolution of the injunction granted two days ago by Judge Adams. Attorneys for the firemen and trainmen are still at work on the affidavits to be filed in court showing why the injunction should not be made permanent. The possibility of the firemen and trainmen of the Wabash striking as individuals, without waiting for word from their leaders, is now being discussed. It is stated that the men are ready to go out at a moment's notice. Unless President Ramsey yields it is further declared that engineers, conductors, telegraph operators, brakemen and trackmen, to the number of 50,000, may become involved in the struggle. Rumors of a secret compact between the men and leaders to go out even if the dissolution of Judge Adams' injunction is not granted are abundant. The rules of the brotherhood prohibit striking without sanction of the grand masters of the order. At Wabash headquarters everything was reported quiet and the men still at work.

When Judge Adams was shown extracts from the expressions of the congressmen and senators denouncing his action, he leaned back in his chair, and with a smile said: "These gentlemen can't understand the order until they have seen the bill. If they had seen the bill presented by the Wabash Railroad company, asking the order, they would probably understand its scope better."

At the conclusion of a conference it was announced that Messrs. Judson and Green had become associated with the counsel representing the trainmen and firemen, and that the motion for a dissolution of the restraining order would not be ready for presentation for several days. John R. Murphy of Peoria, general counsel of the Brotherhood of Locomotive Firemen, was present at the conference. President Ramsey said that he had no statement to make on the situation as the questions at issue are now in the hands of the courts.

Refused to Meet the Strikers.

Colorado Springs, Colo., March 5.—The military is still on guard at the reduction mills and there has been no clash with the strikers. The city council and Chamber of Commerce of Colorado City, appointed a committee of four to meet with General Manager McNeill of the United States Reduction company, but McNeill refused to recognize the smelters' union, stating that the strike would have to find its own solution. McNeill has also refused to meet with representatives of the Western Federation of Miners. Under protection of the troops the Standard mill is working. Brigadier General Chase sent a galling gun section and infantry to the Telluride mill, upon the receipt of an affidavit that an attack would be made by the strikers in order to oust employees and gain possession of the property. There was no trouble, however, and the mill management says the backbone of the strike is broken.

Coal Strike Commission.

Washington, March 5.—Representatives of both sides of the coal strike question appeared before the anthracite coal strike commission. The main question discussed was that of determining the best method of payment for coal mined, and hinged upon the point as to whether settlement shall be made with the men according to weight or measure. The hearing fore shadows an early report of the committee to President Roosevelt, as it involves practically the only issue which remains unsettled in the minds of the commission.

Important Appointments.

Washington, March 5.—Two important appointments in the department of justice were agreed upon by President Roosevelt and Attorney General Knox. William A. Day of the District of Columbia is made assistant to the district attorney, at a salary of \$7,000 a year, and Milton D. Purdy of Minnesota is appointed assistant attorney general. Mr. Day has been for a long time the attorney for the interstate commerce commission, and Mr. Purdy is a prominent lawyer of St. Paul. He formerly was assistant United States district attorney of Minnesota. These places are created by recent acts of congress.

WOMEN PERISH

In a Blaze in a New York Flat. Other Fires.

New York, March 5.—Ellen Vail, 55, and Elizabeth Vail, 22, met death in a flat in a fire in East Seventh street. The older woman was suffocated and the younger jumped from the fourth floor. The property loss by the fire was small. James Vail, the son of the elder woman, was the only one of the family who escaped. He had tried to rescue his mother and sister, but was cut off by the flames and forced to run to the rear fire escape to save his own life. The 10 families in the house numbering 100 people became panic-stricken from the fire.

Blaze in New York Hotel.

New York, March 5.—Two hundred guests in the Sturtevant House, at Broadway and Twenty-ninth street, were greatly excited by a blaze in the basement of the building which filled the halls with smoke. Men, women and children rushed to the sidewalk, and one woman who appeared at the second story window with a baby in her arms tried to jump to the street. Firemen stopped her. Two men were arrested and locked up, charged with robbing several rooms from which frightened guests had fled. The property damage was confined to the basement and did not exceed \$1,000.

Damaged by Flames.

Buffalo, March 5.—Fire damaged the Dormer building on Lock street to the extent of \$75,000. The Dormer Fish company, the owners of the building, was the principal loser. Fire Lieutenant Joseph Herschel was painfully injured.

Father Zahm's Mission.

Rome, March 5.—The Very Rev. John A. Zahm, provincial of the congregation of the Holy Cross at Notre Dame, Ind., left here for the French capital. Father Zahm has been negotiating with the French and vatican authorities on the subject of members of religious orders remaining in France. It is asserted that if the laws are strictly applied about 200,000 persons belonging to 53 different communities will eventually be expatriated. Father Zahm is now going to Paris to make provision for those who belong to his order in France, numbering altogether about 400 brothers and 600 sisters. It is proposed to transfer them to various colleges and parishes in the United States and Canada. The sisters have already moved their mother house to New York.

Sheriff's Flank Move.

Chicago, March 5.—Judge Haney entered an order requiring the members of the county board to show cause within five days why they should not be punished for contempt of court for their failure to make an appropriation to pay salaries to the employees assigned to the sheriff's office by the judges. The action is taken in conjunction with mandamus proceedings instituted for the purpose of enforcing the rights of the sheriff to the number of employees allowed him by the circuit court judges. The contempt proceedings are in the nature of a "flank movement" by Sheriff Thomas Barrett, and are based upon the ignoring by the commissioners of the authority of the judges.

Pope Leo's Health.

Rome, March 5.—Dr. Lapponi visited the pope and found him no worse with regard to symptoms of any illness. The physician has forbidden any one to see the pontiff except the latter's nephew, Count Camillo Pecci, who entered the pope's room as Dr. Lapponi left it. The fact is that the pope's physical prostration is due to overwork and overexcitement, which, however, leaves his mental faculties perfectly clear, wonderfully so, indeed. Therefore, Dr. Lapponi thinks that a few days' rest will restore the pope to his usual condition.

Another Boxer Claim.

Onawa, Ia., March 5.—Charles A. Anderson has received notice that his claim filed with the state department at Washington against the government of China has been allowed and judgment rendered in his favor for \$5,443. This claim was made for the death of Anderson's two sisters, missionaries, residing in Mongolia province, China, and who were killed by Boxers during the uprising three years ago.

Eye Pierced by Lead Pencil.

White Plains, N. Y., March 5.—Chester Baylis Bloom, 3, son of William Bloom of New Rochelle, is dead from blood poisoning, followed by an abscess on the brain, caused by falling on a lead pencil, which pierced his eye. The accident happened over two months ago, and under treatment the child improved rapidly. Two weeks ago, however, inflammation set in around the eye and it was decided to perform an operation, as it was discovered an abscess had formed. This was removed, but the boy gradually grew weaker and finally died.

RIOT AMONG ITALIANS.

Guns, Axes and Clubs Used by Railway Laborers in West Virginia.

NUMBER REPORTED FATALLY HURT.

Seven Negroes Dead and Many Injured as the Result of a Mixup of Construction Crews in Texas. Day's Record of Crime.

Parkersburg, W. Va., March 5.—Four foremen on the construction work of the extension of the Little Kanawha railway, part of the Gould system, assisted by a constable, suppressed a riot among 30 Italian laborers, near Burning Springs. The Italians wanted to leave because work was delayed on account of high water. They were told they could not leave until they had worked out their railroad fare, which had been paid from Chicago. A battle ensued, in which axes, clubs and revolvers were used. One Italian had an arm cut off and four are said to have been fatally hurt. They are being cared for at the home of an American. After the fight 25 Italians escaped to the woods and have not been captured, although warrants are out for their arrest.

The following are not expected to recover: Tony Brunicorda, right arm cut off and head bruised; Michael Savillo, head cut with club; John Antonie, shot in leg and head mashed; Sampson Cavilen, skull fractured.

Charged With Murder.

Chicago, March 5.—Joseph Moore, implicated in the killing of George Howard, a printer, by the use of "knock-out" drops, in the confession of John Lyons, was returned to Chicago from St. Louis, and is now in jail awaiting trial. James Bray, also mentioned in connection with the killing, was brought back with Moore. The three men are to be tried for a murder which was committed three years ago, and which would never have been exposed had it not been for the disturbed conscience of John Lyons. The self-confessed murderer tells a sensational story of a series of robberies, which were accomplished by means of "knock-out" drops, which had put the victim to sleep so that they might be robbed without any show of resistance.

Negroes in a Fatal Fray.

Jacksonville, Tex., March 5.—C. W. Boschke, assistant engineer in charge of the construction of the Dallas division of the Texas and New Orleans railroad, arrived here and reported that seven negroes had been killed among the construction crews up to the time he left camp. Mr. Boschke states that bad weather has forced the construction crews to remain idle on several occasions and that the men became quarrelsome. On Monday the laborers were paid off and did not go to work. As a result, Mr. Boschke reports, the death of seven negroes, who were killed by their comrades during shooting affrays. The camp is about 25 miles southeast of here.

Wade to Be Electrocuted.

Toledo, March 5.—Al Wade was sentenced to be electrocuted on June 27, in the Ohio penitentiary, for the murder of Kate Sullivan, two years ago. This is the first capital punishment to be inflicted for a crime in this county since 1856. Wade's brother, Ben, and also Ben Landis, are to be tried for the same murder next week.

Negro's Awful Work.

Columbus, Miss., March 5.—A negro entered the home of a white man at Cordova, Ala., before daylight, presumably for the purpose of robbery. A fight ensued in which the negro killed the master of the house and followed the bloody deed by murdering the man's wife and child. Bloodhounds have been given the scent.

Cruiser Chattanooga.

Elizabeth, N. J., March 5.—About 300 invitations have been sent out for the launching of the cruiser Chattanooga, which will take place here next Saturday. Miss Nellie Chambliss, daughter of the mayor of Chattanooga, will christen the new vessel. The Chattanooga is nearly 300 feet long, and it is feared some difficulty will be experienced in launching her because of the narrowness of the channel.

Monument to French Officers.

Newport, R. I., March 5.—The Newport city council has appropriated \$500 toward the fund for the erection of a monument in the Harbor park here to the memory of Admiral De Terney and other French officers, who came to this country in the course of the war of the revolution in support of the colonists. The monument, which is designed by Philip Martini of New York, is to be placed in the park at the south end of the harbor, where the French troops first landed on their arrival in Newport.

If the courts decide that Governor Beckham is ineligible for another term, it is said Judge Black, of Barboursville, Hon. C. C. McChord and others will enter the race.

DURING the closing days of the recent session of Congress the Republicans unseated a Democrat who had been elected in a Missouri district by 6,000 majority. In the eyes of a partisan Republican body, majorities count for naught.

COL. SAM STAIRS, of the Dover News, has made a most liberal proposition to boom that city. He owns a big tract of land in the town limits, and offers a free site to any factory located there. The Colonel's proposition is a most generous one, and it ought to land some new enterprises for Dover.

FIGURES compiled by the United States Government show that during 1900 six counties—Mason, Fleming, Robertson, Nicholas, Lewis and Bracken—comprising the richest section of Kentucky's white burley tobacco district, produced 24,289,840 pounds of tobacco which brought a total of \$1,617,634 to the growers of these counties. This much tobacco was grown on 26,607 acres of ground. The figures of 1901, which are the latest compiled by the Government, show that these six counties produced 23,036,533 pounds of tobacco which sold for \$1,474,186. Including Brown and Adams counties in Ohio, which are also big producers of burley, and Mayesville is in the heart of the district thus formed. Where can a better location for tobacco factories be found than right here in Maysville?

OVER A MILLION DOLLARS.

Kentucky's Big War Claim Allowed by Recent Congress and Will Now be Paid.

WASHINGTON, March 4.—The General Deficiency bill, which was signed by the President to-day, contained the Kentucky war claim of \$1,323,999.35. The Treasury Department has promised to issue the warrant for the money to-morrow, so that it may go immediately forward to the State.

It so happens that the Kentucky claim is the first of its class of claims in the bill, and hence it will receive attention first by the Treasury Department.

Two suggestions have been made as to the use to which the war claim money should be put. One is that it should be used to pay off the State's indebtedness, leaving the State free from all debt, and the other is that the Legislature next winter should provide for its use in the construction of a new State Capitol building, in which the State stands in such need.

But it has been urged by those favoring the payment of the State debt that when once the debt is paid there will be little difficulty in securing the passage of a capital appropriation bill. At any rate the securing of more than a million and a quarter dollars is a great piece of good fortune for the Commonwealth of Kentucky.

Present Your Bills.

If the Board of Trade owes you anything, present your bill to H. C. Curran, Secretary-Treasurer, this week, without fail. Attend to this before Saturday night.

POPULAR YOUNG MINISTER.

Rev. Charles Richard Vawter, Son of Mr. and Mrs. C. P. Vawter, of Springdale, Meeting With Success.

[Elizabethtown Mirror.]

We present herewith a most excellent likeness of one of Hardin county's most popular ministers of the gospel—Elder Charles Richard Vawter, pastor of the Elizabethtown and Glendale Christian churches. Brother Vawter was born at Springdale, Mason County, Ky., in 1879. He graduated from Kentucky University in 1901 and has been preaching for five years. He was district evangelist in Tennessee for one year. In July of last year he accepted the charge of the Elizabethtown and Glendale churches. He is a hard worker and as a result of his untiring efforts seventy-eight additions have been made to the two churches. Brother Vawter is a jovial fellow, easy to get acquainted with, and is very popular with all classes. His one great effort has always been to reach the throbbing heart of the poor.

The Appellate Court has reversed the judgment of the Bath Circuit Court in the case of W. R. Stephens against Charles Wilson and others. The action was for damages for false arrest and imprisonment. Stephens, a member of the Fiscal Court of Bath County, refused to attend a session in December, 1901, to elect a Treasurer, and by order of the other members of the court he was arrested and brought from his country home to Owingsville. He secured his release upon a writ of habeas corpus. He asked judgment for \$5,000. The court below dismissed his petition. The court now in reversing that judgment says that the statute nowhere authorizes Fiscal Courts to issue warrants of arrest to compel absent members to attend, and that Stephens can maintain his action for damages against the Magistrates and the arresting officer.

Weather prophet Hicks in his forecast for March, says: "The 9th and 10th are central days of a reactionary perturbation, intensified by a moon in perigee on the 10th. In all our publications, for nearly twenty years, we have explained that an electrical crisis is annually to be looked for about the 10th to 15th of March. The moon being at full and on the celestial equator on 13th, within two days of its perigee, on the 10th, we are naturally to look for electrical phenomena out of the ordinary during this annual period this month. If the moon's perigee or nearest approach to earth, had fallen two days later, or coincident with full moon on the equator on the 13th, violent storms and tidal waves would have been almost a certainty in the south."

A donation social will be given at the chapel of the Christian Church to-night for the benefit of the Widows' and Orphans' home at Louisville. Members who desire to contribute provisions, clothing, &c., will please send them to the church or to George H. Frank & Co.'s.

Years ago when black walnut was plentiful and cheap it was used largely for the construction of wooden bridges because of the ease with which it could be worked and its well-known durability. Such a bridge built fifty years ago in the State of Indiana, 150 feet long, contains timber valued at present at \$15,000, which would more than twice pay for a steel bridge to take its place.

SURE SEEDS.

There are two kinds of seed houses. One raises no seed, but buys seed wherever they can get it the cheapest, taking the growers word as to kind and variety.

The other kind like Landreth's own great farms in different parts of the country, in charge of experienced seed growers and with every facility for growing seeds. They plant seeds of known variety, hence can be sure of the product.

If you want seed that you can be sure of—sure of variety—sure of growing—buy them here. These fresh reliable seeds cost no more than the other kind. Can you afford to take chances? Call and get a catalogue.

PERFECTION FLOUR is one of the indispensable articles I handle, because it has no superior and always gives satisfaction.

A big supply of ONION SETS. Prices very low.

I continue to handle D. M. Ferry's Seeds because they are the best and always reliable. When the season opens I shall have a big supply of both Irish and Sweet Potatoes for seed.

I am now rounding up my twenty-third year in Maysville. During that entire time I have worked hard and incessantly to build a trade for first-class goods and to establish and hold a reputation for honorable and fair dealing. My success in business has proved to me that I have not worked in vain. My business has steadily increased from the beginning. I intend to continue in the same old way. For your very liberal support you have my most sincere thanks, and I most respectfully ask for a continuance of same. I want country people when in our city to visit my store and make it their headquarters. You are always welcome.

Remember, I run two delivery wagons, and it is always a pleasure to deliver goods.

If you can't come to the store call up TELEPHONE 83.

A Velvet Party!

Did you ever go to a velvet party? No? Well, come to ours, FRIDAY AT TEN O'CLOCK. All kinds of plain velvets—every color under the sun except probably the color you want, except you be on hand at the start. The peculiar part of a velvet party is that your neighbor selects the color she thinks you want—that's what you think when you come too late. The cheapest was 50c., the best \$1.50 per yard; lengths from one-half yard to five yards. **Choice, 15c. per yard.** Do you think you will come to the party?

MRS. W. R. GOFF.

A Native of Dover Passed Away Wednesday at Her Home in Shelby.

SHELBYVILLE, Ky., March 4.—Mrs. Elizabeth Goff, widow of W. R. Goff, died at 5:10 o'clock this afternoon, of heart failure, superinduced by a complication of diseases. Mrs. Goff was fifty-eight years old and was a native of Mason County. She had been an invalid for three years. Three children survive her,—Miss Catherine Goff, and Messrs. Thomas L. and W. Morris Goff. The funeral will be conducted Friday morning at 10:30 o'clock at her late residence. The interment will be at Grove Hill Cemetery.

Mrs. Goff was a Miss Sroufe, and formerly lived at Dover.

The new directory of Louisville gives that city a population of 221,908, or 4,718 more than in 1902.

In the case of the Commonwealth, &c., versus Joergel et al., pending in the Court of Appeals, motions to advance were sustained and cases advanced.

A Venerable Sage...

Whose advice was much sought, being noted for his sound judgment and business prudence, once counseled a young merchant in this fashion:

"If you want to be noticed you must get
"In front of folks and worry 'em some."

We've been trying very hard to make this bit of philosophy fit our own case, and, through these advertisements, believe we have succeeded in attracting a generous measure of patronage to our house. We don't want to "worry" you too much with a recital of these facts, but expect you to notice that we stand in "front" of all competition in our line in Northeastern Kentucky. Trade invited in these seasonables:

If the kidneys are well and strong the
rest of the system is pretty sure to be in
vigorous health.

Doan's Kidney Pills make strong
healthy kidneys.

Mrs. E. J. Thompson, of 911 East Second street says: "Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively as did Doan's Kidney Pills is a most desirable one of which to know."

Special Sermon.

Rev. Dr. O. F. Evans will preach a sermon to young men Sunday evening at the First M. E. Church, South. This service will prove interesting to all. The sacrament of the Lord's Supper will be administered at the morning service. Let the entire membership be present.

River News.

The Stanley passed down at 3 o'clock Thursday, several hours behind time.

The Tacoma is to-night's packet for Pomeroy and the Bonanza will pass down.

The R. P. Gilham and Anna L. passed up Thursday with empties for the Kanawha.

The Hudson is due down this evening. She was unable to get through to Pittsburgh this week, as she couldn't pass under the Point Pleasant bridge. She reshipped her freight on the Virginia.

A recently promulgated report from the United States Treasury Statistical Bureau has this relative to the commerce of rivers that flow in Kentucky during the year 1902. On Green river there passed through Lock 1 an aggregate of 382,847 tons. The Big Sandy shows up with 251,511 tons, the Kentucky 48,665, Salt river 8,665 tons. Green river has 205 miles of slack water, but the Big Sandy and Kentucky have decidedly the greatest future prospects, and their possibilities after their lock and dam systems are completed will be almost limitless.

Boyle County raised 2,000,000 pounds of hemp last year.

For the Farmer.

[Exchange.]

Rice feeds ten persons, taking the world at large, where wheat feeds one.

The losses by reason of hog cholera last year in the State of Indiana are placed at near \$6,000,000.

The American farmer is getting the daily paper habit as a result of rural delivery, and it is a good thing for him.

Steam transports having a capacity of 900,000 bushels of wheat each will soon be plying between the Pacific coast and Japan.

Black Patti Troubadours.

The Black Patti Troubadours, an aggregation of songsters, buck and whirlwind wing dancers and the unchallenged champion cake walkers, will appear at Washington Opera House Friday, March 13th, for one performance only. The great success of this company is owing to the fact that a first-class performance, by the pick of coon-town entertainers, is always provided. Black Patti is a whole show in herself, the greatest singer of her time; but there are a lot of other entertainers. The new farce is called "Darktown's Circus Day," with John

Rucker, "The Alabama Blossom," the funniest colored singing comedian in the land; Bobby Kemp, Leslie Triplett, "Slim" Morgan, Muriel Ringgold and Ed. Greene, in the leading comedy roles.

Sale of seats opens Wednesday at Nelson's. The entire balcony will be reserved for colored people.

A son of Jos. Jordan, colored, died Thursday afternoon at the home of the family on the Fleming pike, of smallpox, and was buried last night. A married daughter of Jordan, by the name of Lewis, died last night at his home of the same disease, complicated with other troubles. Jordan is ill with the disease, but he and Mr. Sam Oldham are the only cases now in the city. The latter was somewhat better last evening.
